Bye bye 8-Ball

Sunday, July 31, 2005

Hey CyberPals!

I just received a letter from a lawyer representing Mattel, Inc.

It's a cease and desist from using the Magic 8-Ball from my site.

sigh What am I going to do? Whine? Cry? Make a site decrying their heavvy handed tactics on the web?

Nah, you know me. That's not my style, and they're not worth it.

The key to my 8-Ball's success was the random, sarcastic answers. And I don't need a Trademarked product to do that. I can make a watermelon do the same thing!

I just have to do it bigger and better now. :0)

Coming soon with be "Madame Randi's Crystal Ball".

Same silly answers, much cuter hostess.

Also, there's still more room on Problem Adults for membership. Why haven't you joined? Do you have something against making new friends and having fun? Jeez!

JOIN US ALREADY! (And use "Erox", that's me, as your referral.)

The demonic power as they conjure up the fearsome demons to strike at their enemies? Yeah Satanists get a kick out of those fictional movies too. :) http://www.ericbrooks.com/soapbox/article.php?p=173

it, while the Iraq war may be under false pretenses... you have to admit Saddam needed an ass kicking eventually.
